OUR MARQUEES

One Six Events have a variety of stunning marquees to fit any event, location and surrounding. The true beauty of a marquee is the opportunity to create total individuality.

TRADITIONAL POLE

Our stunning traditional pole marquees are designed and manufactured in England. These spectacular structures, with their seven metre tall, tensioned scalloped canopies and exposed wooden craftsmanship, offer simplistic but beautiful charm to any occasion.

The traditional style, beautifully offset by modern design and features, is fit for any occasion. A traditional pole marquee can be left in their truly simplistic and beautiful form, or can be dressed with a variety of colours, decorations and linings. There are so many options to customise the petal pole marquee internally and we'd be delighted to discuss how we could do this with you.

GUESTS
We will advise on everything when we speak, including appropriate marquee sizes for your event, as well as lighting, flooring, dance floors, bars, catering and everything else, and will show you many examples of previous events.

WINDOWS
The traditional pole marquee can be provided with either plain or clear walls, positioned according to where the front of the marquee will be and where to capture the best views.

GROUND CONDITIONS
 Clear span marquees can be built on any surface including hard standing and grass and can incorporate different garden or patio levels. Different flooring systems can be installed, whether it is matting over a waterproof membrane on flat grass, raised wooden flooring which follows the contours of the land or levelling systems.

LININGS
 A clear span marquee can be dressed with an array of linings, from plain pleated ivory, and overlaid with coloured drapes, to specialist themed linings.

WINDOWS
 Clear span marquees can be fitted entirely with walls for an enclosed space or opened completely with clear walls and gable ends as well as clear ceiling panels to enjoy the beautiful British blue skies.

GUESTS
 Clear span marquees can be made to almost any size and are suitable for any number of guests. We can create a house extension marquee from your kitchen or build a entire venue big enough to hold 400 people.

CLEAR SPAN (METAL FRAME)

A clearspan marquee can create a beautiful and uninterrupted floor space. They are hugely versatile structures that can be adjoined to houses or built around them. They can be constructed to separate your reception, dining and dancing areas.

CAPRI

The Capri marquees lend themselves well for many occasions and can still be dressed up for any event with the addition of matting and a variety of different lighting packages. We can install internal hanging material overlays and different lighting options to personalise the marquee.

Capri marquees can be used as an additional and separate marquee to a main marquee as an informal lounge area with sofas and relaxed decor

Capri marquees make fantastic bars, create a separate bar tent with our circular bar positioned centrally in the capri with the walls removed.

PAGODA

Pagodas, or Chinese hats, are often used as an entrance marquee. They are joined to the main marquee and can house a present table or other elements as guests enter.

6m pagodas can be joined to create long corporate marquees for riverside enclosures

Alternatively, they can be used for outside bar areas, or informal lounge seating positioned near to your main marquee. Pagodas can be joined to create long corporate marquees for riverside enclosures such as the pagoda used for Kingston Regatta which held 140 seated with a bar.

THE FINER THINGS

As a highly experienced, professional and friendly team, we are here to guide you from the first time we meet. We will be on hand as much or as little as you like. One Six Events work alongside experienced event supplier specialists, who have been in the industry for many years, so if we can't do it we know someone who can.

INSIDE YOUR MARQUEE

The best thing about having a marquee event is the blank canvas it provides. You can decorate with your own personal taste to create whatever theme you choose.

DINING
Choose from our range of table and chair options to best suit your event style

DANCE FLOOR
A size that fits your party, no one likes an empty dance floor so let us pick the perfect size for your guests to fill

BAR
Create a central area for your guests to gather around or a feature point next to the stage; where ever you choose to position your bar we have the one to fit.

LOUNGE FURNITURE
Add a sofa or two to your reception area or create a comfy corner for your guests to enjoy a break from the festivities.

OUTSIDE YOUR MARQUEE

Marquee events often include the use of beautiful pieces of land for your guests to enjoy. Continue your theme into the outside space to create an extension of your party space

WALKWAYS
Create a walkway down to your marquee from your entrance or build a path for your guests to separate areas of the party or to the toilets

SERVICE TENTS
Attach a smaller marquee to the side of your main marquee to act as a service area for your caterers or to enclose the toilets in colder weather

LIGHTING
Light up the surrounds of your marquee with uplighters and festoon lighting. We could illuminate a beautiful tree or light a walkway to lead your guests to and from your marquee

OUTDOOR FURNITURE
Extend the party into the sunshine with additional reception space outdoors. Place tables and chairs picnic style or relax into our rattan sofa sets

HEATING AND COOLING

No need to fear the weather with our heating and cooling solutions.

FRIDGE/ FREEZER TRAILERS

Available for hire, our chiller trailers can refrigerate or freeze.

LUXURY LOOS

Whatever the size of your party, we have the loo to suit your do.

THEMING

We can theme events as required

SET UP

We will ensure everything is setup when we install your marquee, leaving you with no surprises. The specific items will hugely depend on the theme of your day so we can run through all the available options when we meet.

GENERATORS

Sometimes your site may not have suitable power for everything required in your marquee. We can work with the site to find the best power solution for your event.

OTHER SERVICES

When creating your own bespoke venues there are more things to consider but this doesn't have to cause any more pain. We can organise all the other elements required to run a seamless marquee event

FAIRY LIGHT CANOPY
 Dance under a sparkling canopy of fairy lights that twinkle all night. Your photography will love the effects!

FESTOON LIGHTS
 Finish the exterior of your marquee with a string of Festoon lights illuminating across the top.

FLOWER BOARD
 Your florist can work their magic on our hanging boards finished with Edison lights

EXTERNAL LIGHTING
 We can install an array of different outside lighting including lit walkways to a from the marquee, guiding to break out spaces or to the toilets.

LIGHT IT UP

As darkness falls onto your marquee, create atmosphere with a fairy light canopy. Finish your flower boards with Edison bulbs to be enjoyed throughout the evening and top your traditional marquee with a trail of festoon lighting.

RAISE A GLASS

A bar is much more than just a place to serve drinks, it can be the focal point of your event.

We can provide pre-paid and cash bars with tailored drinks lists, and experienced bar staff as a stand alone service.

SIZE

We have a size to fit any party, offering plenty of space so your guests can get back to the dance floor instead of waiting in endless queues

SHAPE

Our full circular bar offers a 360 service or our straight bars can go on for as long as you need.

STYLE

A bar to fit any theme. Wooden slatted front, wine barrel bars, a chalk board front for you to personalise or perhaps a Perspex front with your printed logo.
